MEETING CLOSED: Approx 7.35 pm

- **A BIG THANK YOU TO KEN FULLER:** who spoke to members about the various sizes and kinds of gun cartridges made over the years. Shells for everything from starting the old Marshall tractors, to cartridges to start the Canberra bomber. Shells for shooting Wild Fowl in Europe, to Tear Gas shells. Rubber bullets to Rabbit Shot. Plus the everyday 8 gauge, and 4 gauge shot which are widely used. Just so many it was very interesting.
